

Tatami pivot door - Tatami collection

design Cesare Arosio

— The Tatami collection is inspired by the geometries and three-dimensionality of a traditional Japanese flooring. The subtle and fine decoration in relief echoes the texture of the straw, revisiting it in more elegant, modern and refined terms.

— La collezione Tatami si ispira alle geometrie ed alla tridimensionalità di una tradizionale pavimentazione giapponese. La sottile e fine decorazione in rilievo riecheggia la texture della paglia, rivisitandola in termini più eleganti, moderni e raffinati.

_maintenance

**PAINTS, LACQUERINGS AND
SPECIAL FINISHES**

Do not use acid or alkaline detergents, agents with bleaching additives, abrasive powders, steel wool, sponges or the like. Do not use furniture polish or solvents to care for painted surfaces. Anything hot or humid can cause surface damage. Pointed or sharp objects, such as blades or knives, can cause damage to the surface. For the cleaning and care, regularly wipe the surfaces with a clean, soft, lint-free cloth to remove dust while avoiding abrasion. For soft-finish painted surfaces, use a soft, lint-free, slightly damp cloth. If heavily soiled, painted surfaces can be cleaned with a neutral, silicone-free detergent. Finally, it is essential to gently rub dry surfaces, so that there is no residual moisture.

**TINTE, LACCATURE E FINITURE
SPECIALI**

Non usare detersivi acidi o alcalini, agenti con additivi sbiancanti, polveri abrasive, lana d'acciaio, spugne o simili. Non utilizzare lucidi per mobili o solventi per la cura delle superfici verniciate. Qualsiasi cosa calda o umida può causare danni alla superficie. Oggetti appuntiti o taglienti, come lame o coltelli, possono causare danni alla superficie.
Per la pulizia e la cura, pulire regolarmente le superfici con un panno pulito, morbido e privo di lanugine per rimuovere la polvere evitando l'abrasione. Per le superfici verniciate con finitura morbida, utilizzare un panno soffice, privo di lanugine e leggermente umido. Se molto sporche, le superfici verniciate possono essere pulite con un detersivo neutro privo di silicone. È infine essenziale strofinare gentilmente le superfici asciutte, in modo che non sussista umidità residua.
